

DO NOT BE INTIMIDATED BY ZOOM

Zoom is easy to use so don't be afraid to sign up for a summer ICL Class

If you use a PC or iPad, **you do not need a Zoom account.**

- You will receive an email from the course instructor or host with a link to join the class.
- All you need to do is click the link, and you can join the Zoom meeting with your computer or laptop through your web browser (Chrome, Explorer, Firefox, etc.)—there is a link toward the bottom that says “Join meeting with browser.”

If you use a smartphone, you will need to download the Zoom program. You can select the free version of Zoom.

- You may download the Zoom program to your device (from <https://zoom.us/download>) — it only takes a few minutes. The nice thing about the program itself is that you will have more control.

Below are additional links to videos if you would like more Zoom information: (you may need to cut and paste these links into the browser address bar)
